

Patient Self Service Solutions for Hospitals

Brookwood Systems' Patient Self Service Solutions will allow your hospital to improve its quality of service by utilizing self service kiosks to streamline patient flow and increase staff efficiency.

Streamline Patient Flow

Enable patients to check in using kiosks at registration and check-in areas to reduce wait times.

Keep up to date with Patient Information

Allow your patients to update their personal information quickly and independently.

Manage Patient Account Balances

Help patients keep accounts up to date by providing easy access to patient account information and allowing them to make payments at the kiosk.

Accept Donations to the Hospital Foundation

Make donating to the hospital foundation simple by accepting donations at automated kiosks 24 hours a day.

Improve Your Staff Productivity

Optimize your staff's time and increase efficiency by using automated kiosks to handle routine tasks.
