

Customer Self Service Solutions for Retail Stores

Brookwood Systems' Customer Self Service Solutions will create a completely new shopping experience for your customers by placing self service kiosks and digital signage at strategic locations throughout your store.

Provide Store Navigation

Allow your customers to easily navigate departments in your store by providing an interactive way-finding map.

Instantly Locate Any Product

Help your customers locate any product in your store without having to track down an employee.

Instant Product Reviews and Comparisons

Look up product reviews and instant side by side comparisons and help your customers make informed buying decisions.

Promote Special Sales and In-Store Advertisements

Run targeted advertisements for promotional items or special sales.

Increase Employee Efficiency

Optimize your employees' time by using automated kiosks to take care of common requests and focusing resources on other tasks.
